

Interest free period

Audio transcript

That's the amount of time you have to pay back what you owe for any purchases on the card before having to pay any interest.

This interest free window runs for your entire statement period, up until the payment due date shown on your bill.

Remember though, cash withdrawals on your credit card work differently, and interest charges start straight away.

And if you still have any questions, you can use our live chat, or check out our FAQ sections.
